The Inspired Leadership Program through CHA Learning was an extremely helpful tool to allow me to thoroughly explore and understand the LEADS Framework. The format used real-world examples to ensure I connected concepts to my own work environment. Being a self-paced program, I was easily able to meet the demands of my work and family life while staying on track. I'd recommend this program to all health care leaders.

- CHA Learning Alumni

I was looking for a structured approach to learn and grow and this platform provided me the opportunity to do just that. The course facilitator was fantastic, she has some great experience in healthcare and tremendous leadership coaching experience. I was able to learn a lot from her constructive feedback!
